

Statement

To whom it may concern,

We, LONGi Solar Technology Co., Ltd (LONGi Solar), hereby confirm that the B.P. MetalmeccanicaSrl Cleaning system (Product Type SOLAR CLEANER F3500 C-AP) can meet the relevant requirements of LONGi Solar Module Cleaning Instruction. Thus it may be used to clean LONGi PV modules as long as the following required items are complied with:

- 1) Wet cleaning method is recommended.
- 2) Pressure on the module surface should be less than 2400 Pa.
- 3) Brush bristle preferred to be cotton, but general material that must not scratch the ARC coating.
- 4) Employees should be well trained and professional to use the device.
- 5) It is forbidden to contact the glass of PV module for any other part of the device except the brush.
- 6) Cleaning should be carried out only when PV modules are disconnected to the grid.
- 7) Installation & Maintenance Manual from LONGi Solar has been fully understood.
- 8) Cleaning Manual for PV Modules from LONGi Solar has been fully understood.

Besides, please refer to the documents

- 1) LONGi Solar INSTALLATION MANUAL FOR PV MODULES ,
- 2) LONGi Solar CLEANING MANUAL FOR PV MODULES,
- 3) B.P. MetalmeccanicaSrl Cleaning system Installation, service and maintenance for solar energy systems for detailed cleaning method and other relevant information.

LONGi Solar's PV modules shall be accompanied by the Warranty Terms agreed in the Modules Sales and Purchase Agreement.

However, LONGi Solar does not warrant against breakage, damage, wear or module performance issues that are determined to be caused by a cleaning process. For this reason, the Confirmation of Conformity is not a guarantee of Warranty.

Approval of the above listed cleaning process or apparatus is based upon and in accordance with the datasheet or specification supplied to LONGi Solar effective at the time of issuance of this Confirmation. Changes in the cleaning process specifications or cleaning processes will nullify this Confirmation of Conformity. LONGi Solar reserves the right to change the approval requirements for the Module Cleaning Instruction as well as a possible revocation of this Confirmation of Conformity.

Note: Please find the specification and pictures supplied by the manufacturer which shown as follows.
